RE: SB 792 (Leno) - neutral

Dear Senator Leno:

Sierra Club California is dropping our opposition to SB 792 based on the September 4 2009 amendments incorporated into the bill.

As a general rule, we do not believe that the state should be authorized to sell any state park land, particularly for development purposes. However, we recognize that SB 792 will provide funds for the future operations of Candlestick Point State Park Recreation Area and protect the park from any closures planned by the Department of Parks and Recreation.

Sierra Club California appreciates your efforts in leading negotiations between us and the City of San Francisco in the effort to resolve our concerns.

Sincerely,

Jim Metropulos
Senior Advocate
