- Why are you running for office:  
I have a clear understanding of community colleges in general, and City College in particular. I have served several terms on the Board of Trustees, I was a teacher at City College and I have held 5 different administrative positions at City College. I am also an Appointee of Governor Jerry Brown to the State Board of Governors for Community Colleges for the State of California.
- .I have spent most of my life in community colleges. I hold a doctorate in Community College Administration/instruction. My Master's Degree is in Higher Education Administration and Instruction. I have a thorough understanding of City College of San Francisco. While in office, I have been instrumental in getting the Health and Wellness Center built and the Multi-Use Building built.
- The salaries and benefits were negotiated during times when the budgets were much larger. This wasn't a problem until the major funding cuts were instituted this year.
